Why Infinity Decking®?

Australian Owned & Designed

Luxurious, realistic textures expertly crafted to endure Australia's harsh climate for timeless beauty.

A Style For Everyone

Experience the timeless appeal of real timber or explore modern decking alternatives with our composite range.

Sustainable & Green

All our products are made from recycled materials, making it a more environmentally friendly choice than traditional timber decking.

Everlasting

All Infinity Decking products are double coated with a UV protectant layer. No fading, rotting, splintering, plus come with a 25 year warranty.

Low Maintenance

There's nothing to do on your end other than keeping it clean whenever you have time. So you have more time to enjoy your new outdoor space.

Easy to Install

We've taken all the guess work and head-scratching out of our install system. Unlike other decking alternatives, Infinity Decking is a breeze.

Infinity Decking® vs Timber

Wondering how Infinity Decking compares to timber?

Here's a summary table that outlines and explains the key differences.

	TIMBER	IINFINITY DECKING
Doesn't require regular oiling/sealing maintenance	X	✓
Naturally resistant to rot, decay and termites	X	✓
Concealed fixings	X	✓
Anti-slip rated	X	✓
UV stabilised	X	✓
Fading from Australia's harsh sun and rain	X	✓
Won't splinter, cup, warp or twist	X	✓
Straight and consistent lengths	X	✓
Up to 25-year warranty	X	✓

Classic vs Luxe vs Artisan - The Differences

Infinity Decking - Classic, Luxe & Artisan Series.
Each have their own unique characteristics.
Choose the style most suitable for you.

Infinity Decking® | Artisan Series

Take on Mother Nature with our Dual Coating Shield - designed to resist fading, scratching, staining, warping, and cracking for 40 years. Enjoy a low-maintenance outdoor space that lasts, no matter what

Upgrade to a safer outdoor space with our Artisan Series - a mineral composite board that's wood-free, plastic-free, and non-porous. Enjoy high resistance to algae growth and the highest anti-slip properties in our range

The beauty of real wood without the upkeep. Our boards replicate any wood surface 1-to-1, with variable colour and timber grain for an ultra-realistic look

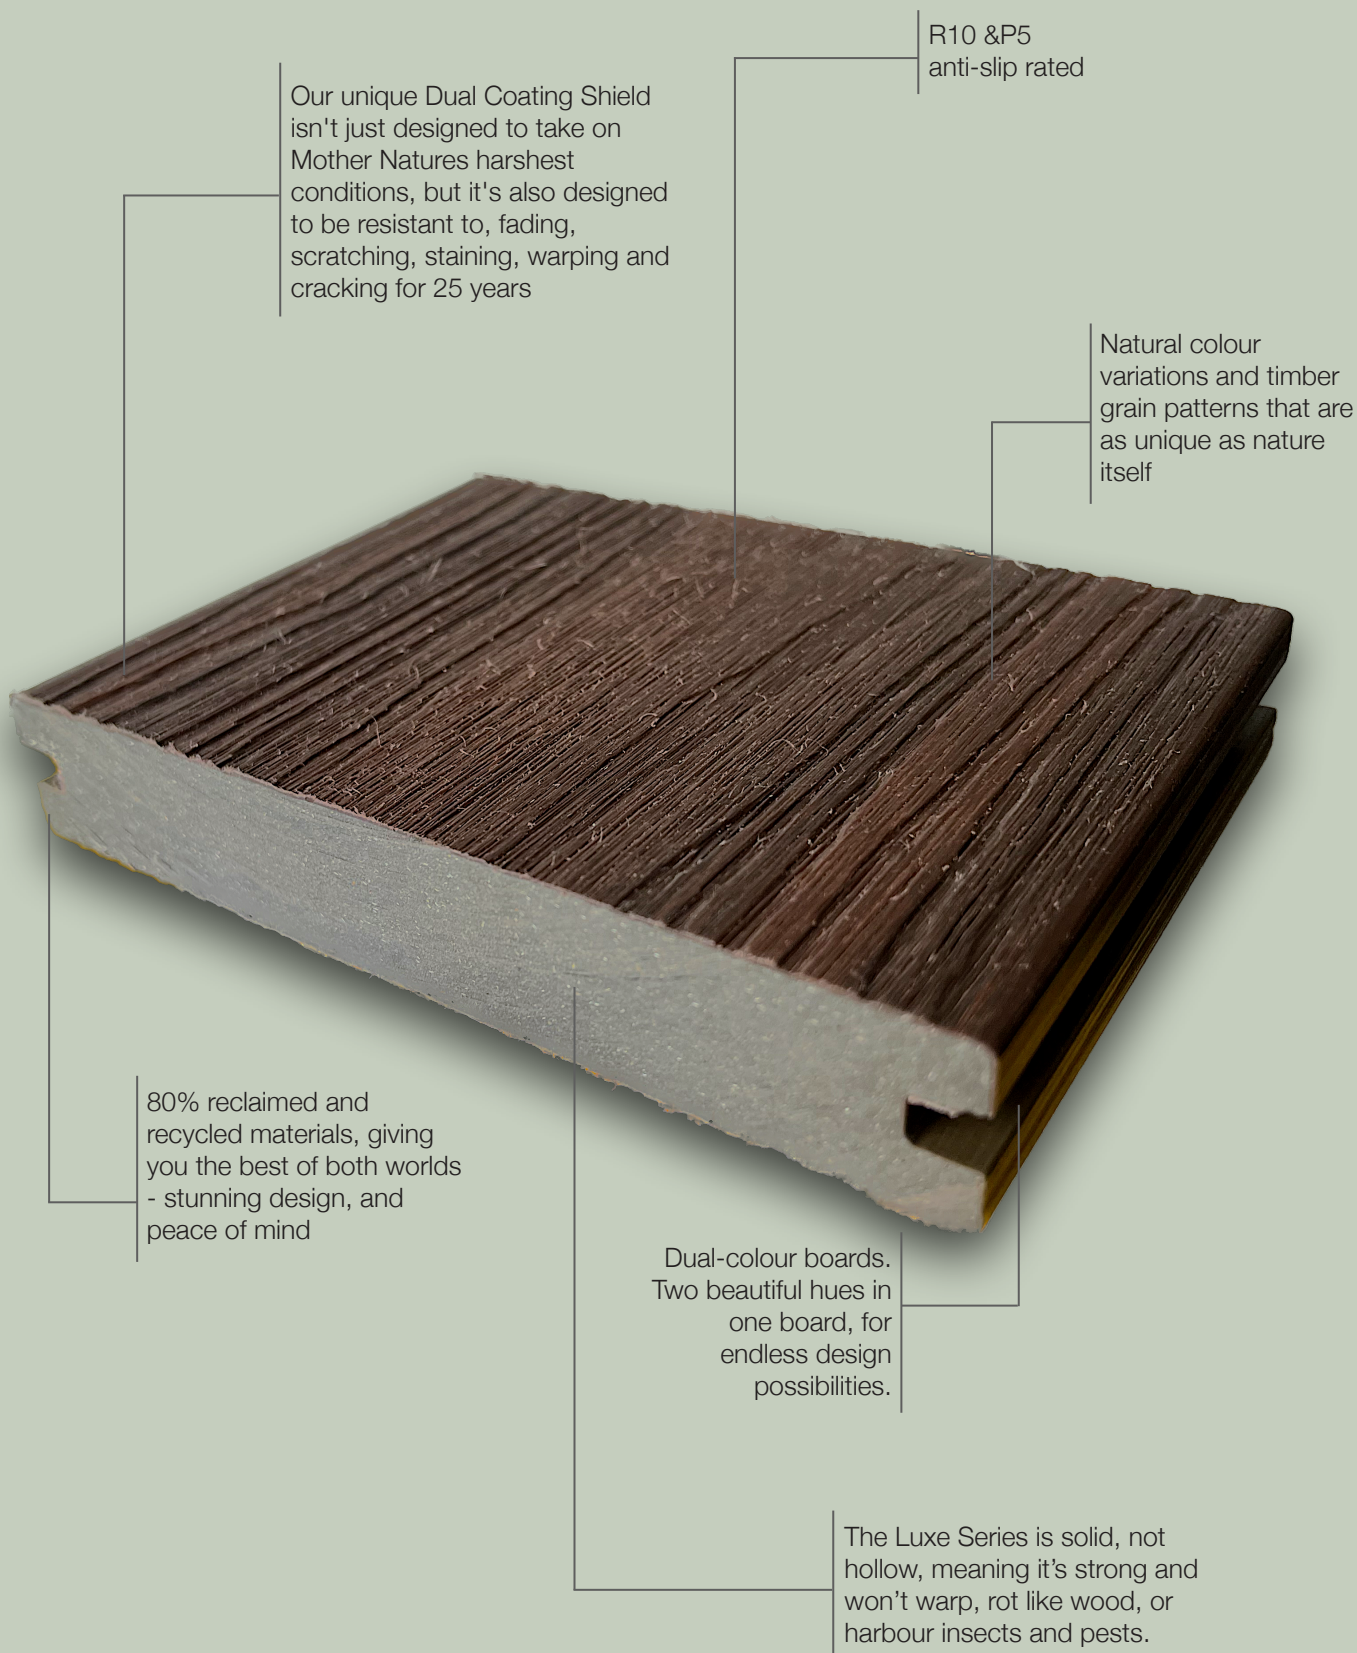

The structural core is a blend of natural minerals bonded in a polymer resin with long fibre reinforcement for added strength and durability for years to come.

Don't compromise on strength. Our decking features specially added support materials that can handle heavier loads

Experience true durability with the Artisan Series. Unlike wood, our solid, non-hollow boards won't warp, rot, or attract pests. Enjoy a worry-free outdoor space that stands the test of time

Infinity Decking® | Luxe Series

Our unique Dual Coating Shield isn't just designed to take on Mother Nature's harshest conditions, but it's also designed to be resistant to, fading, scratching, staining, warping and cracking for 25 years

R10 &P5
anti-slip rated

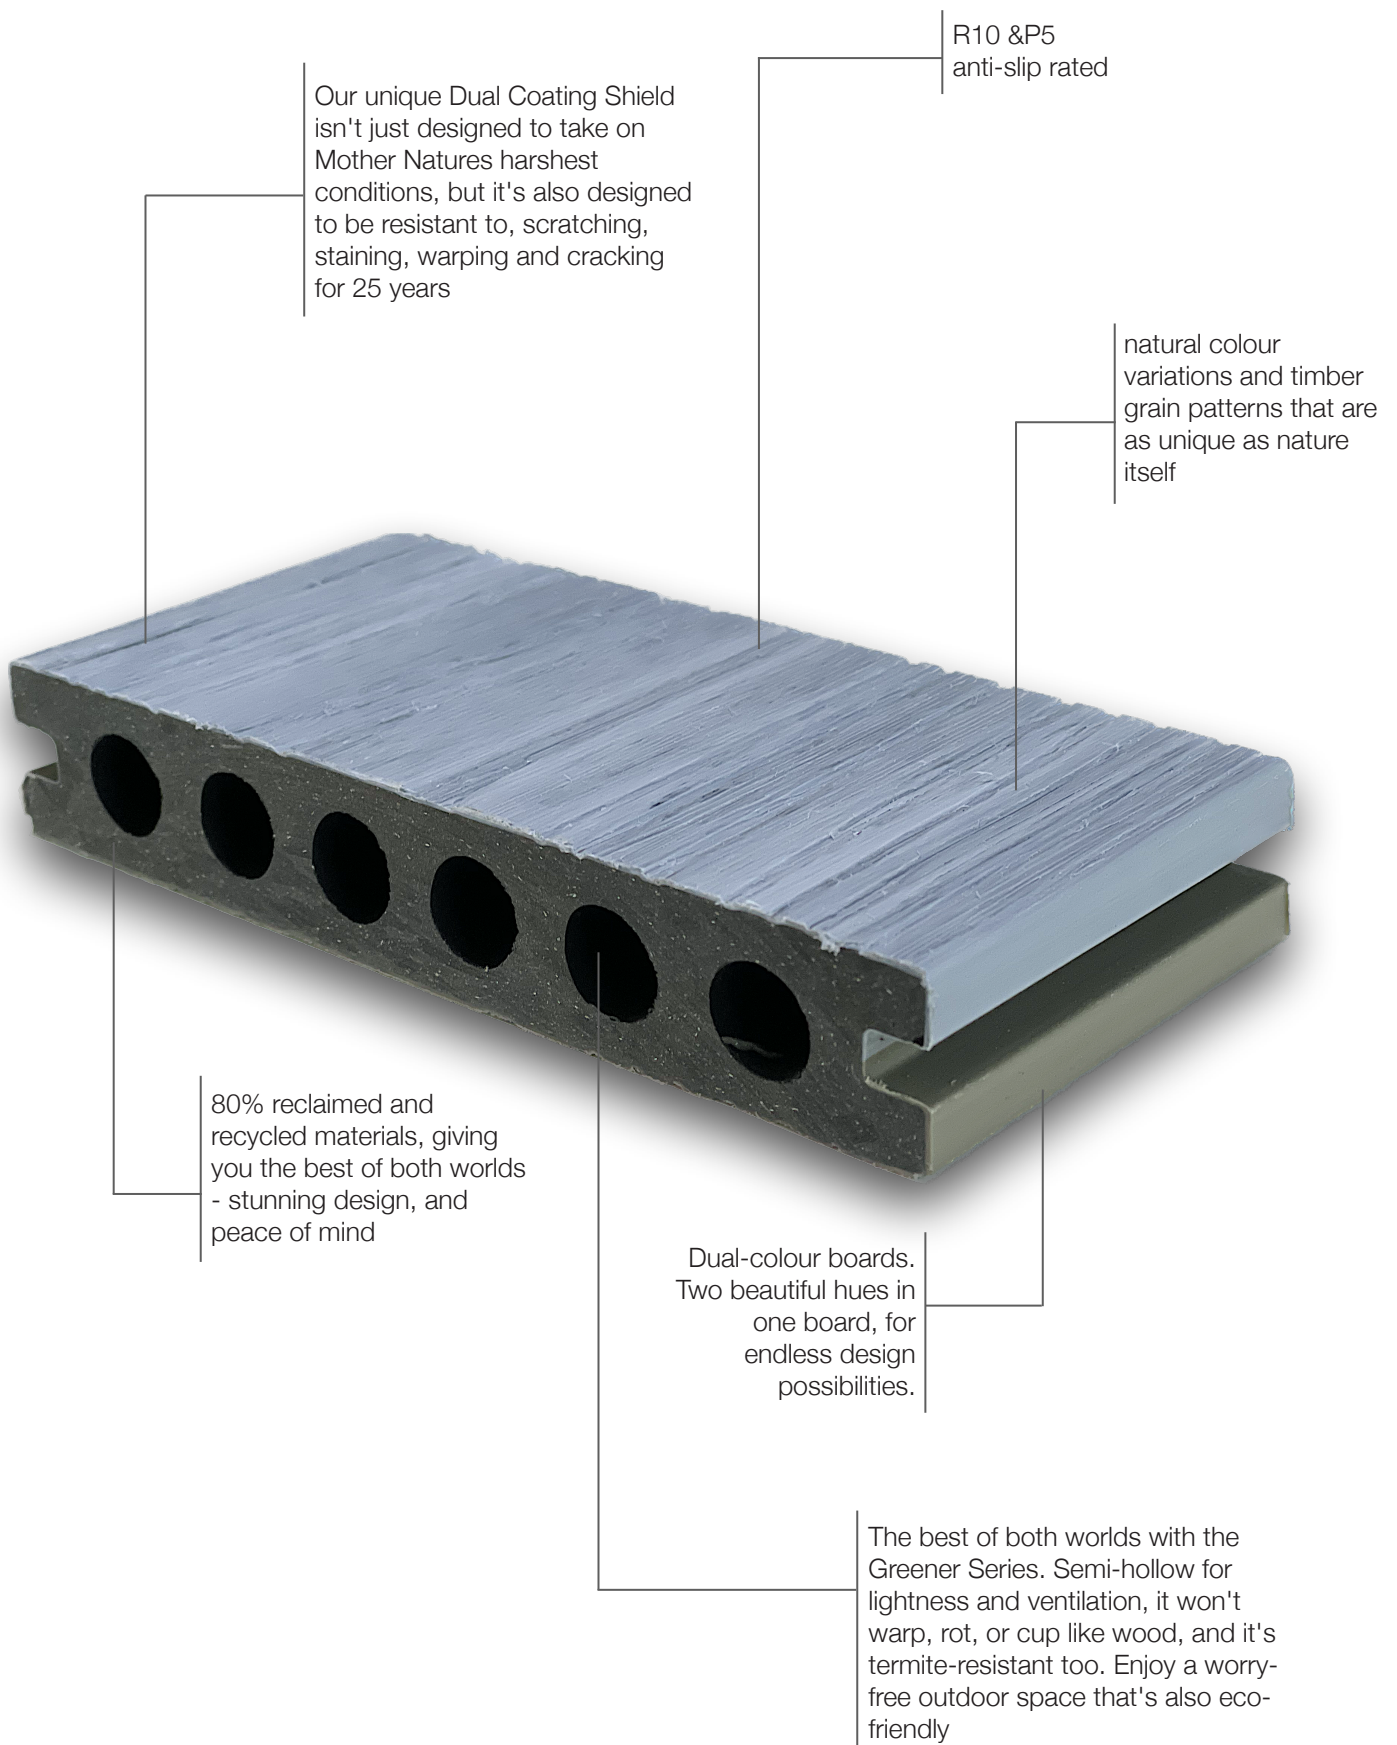

Natural colour variations and timber grain patterns that are as unique as nature itself

80% reclaimed and recycled materials, giving you the best of both worlds - stunning design, and peace of mind

Dual-colour boards. Two beautiful hues in one board, for endless design possibilities.

The Luxe Series is solid, not hollow, meaning it's strong and won't warp, rot like wood, or harbour insects and pests.

Infinity Decking® | Greener Series

Our unique Dual Coating Shield isn't just designed to take on Mother Nature's harshest conditions, but it's also designed to be resistant to, scratching, staining, warping and cracking for 25 years

R10 & P5
anti-slip rated

natural colour variations and timber grain patterns that are as unique as nature itself

80% reclaimed and recycled materials, giving you the best of both worlds - stunning design, and peace of mind

Dual-colour boards. Two beautiful hues in one board, for endless design possibilities.

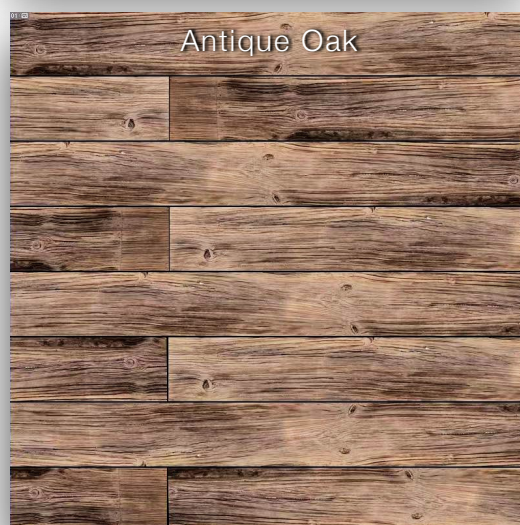

The best of both worlds with the Greener Series. Semi-hollow for lightness and ventilation, it won't warp, rot, or cup like wood, and it's termite-resistant too. Enjoy a worry-free outdoor space that's also eco-friendly

Infinity Decking® Artisan Series

All infinity Decking Artisan Series boards are
200mm wide, 30mm thick and 2250mm lengths.

These swatches are representative only; due to the replications of natural hardwood the complete deck may have slight variations in colour tone and graining. We recommend requesting a free sample so you can see the colours in real life.

A modern outdoor walkway with a wooden deck, surrounded by lush tropical plants, leading to a glass door that opens into a bright interior space. The walkway is made of light-colored wooden planks and is flanked by a variety of green plants, including ferns and palm trees. The ceiling of the walkway is white with dark metal beams. The glass door has a dark wood frame and leads to a bright interior space with a white ceiling and a large window. The overall atmosphere is bright and airy, with a seamless transition between the outdoor and indoor environments.

Vibrant hues and natural tones merge seamlessly to create an exquisite fusion

Infinity Decking[®] Greener Series

Introducing our Greener Series - the most environmentally conscious choice in our catalogue. Crafted from 90% recycled materials, this semi-hollow decking is lightweight and offers a trusted timber alternative for Australian homeowners. It adds a touch of sophistication to any outdoor space while minimising its environmental impact. Choose Greener Series for a sustainable decking option that doesn't sacrifice style or quality.
